1. [REDACTED] was in to talk to me about a number of things. The only item that needs to be recorded is that of the unhappiness of the [REDACTED] Station with regard 25X1A6a to a report dated 14 August 1961 made by [REDACTED] of the Office of Logistics on real estate; Jack said that the report contained erroneous facts and that the Station resented it very much. Although he has talked to Jim Garrison about it, I would like to obtain a 25X1A9a copy and see whether or not [REDACTED] did make a report that the [REDACTED] Station has a 25X1A6a right to resent.

2. [REDACTED] reported that Mr. McCone had requested that the Command Post at his home be more adequately furnished. He suggested that an overstuffed simulated leather chair in the Class "A" category and one good table be placed in the room. The furniture already in the room supplied by Logistics was surplus and added nothing to the decor. I have authorized and instructed Jim Garrison to furnish the room in any way that Mr. McCone would like.

3. [REDACTED] buzzed to say that Mr. McCone wanted very much to have closed circuit T. V. between the White House and CIA in Langley; however, before it was installed he would like to have a complete study made to tell him what it was supposed to do, where it would go, how much it would cost, etc. At the same time, he would like this paper to be short. I told Jack that we would provide the paper. H

4. [REDACTED] buzzed to say that Mr. McCone wanted a brief paper on an EYES ONLY basis as to how a career Ambassador might be recalled to active duty or otherwise employed in the Agency and also wanted the same paper to include similar information on a four-star General, retired, or Flag Officer. This was supplied later 25X1A in the day [REDACTED]
